

DOMESTIC COOKING SERIES

RI-712Si WM: RM 726 EM: RM 763

Burner	Stainless Steel
Top Plate	Stainless Steel
Dimensions (mm)	W 720mm D 415mm H 200mm
Form of Ignition	Battery Size "C" 1.5V
Gas Consumption(LPG)	L 2.9kW R 2.9kW

 Inner Flame Burner
(Intensive flame focus)

 Safety Device

RI-602 HTB-S WM: RM 378 EM: RM 397

Burner	Stainless Steel / Brass
Top Plate	Stainless Steel
Dimensions (mm)	W 720mm D 380mm H 141mm
Form of Ignition	Piezo Ignition
Gas Consumption(LPG)	L 4.5kW R 4.5kW

 Tornado Burner - Powerful flame & high durability

RI-522M WM: RM 300 EM: RM 315

Burner	Stainless Steel / Brass
Top Plate	Stainless Steel
Dimensions (mm)	W 700mm D 378mm H 157mm
Form of Ignition	Piezo Ignition
Gas Consumption(LPG)	L 3.8kW R 4.8kW

 Mega Burner - Powerful flame
(for right burner only)

RI-522MM WM: RM 366 EM: RM 385

Burner	Stainless Steel / Brass
Top Plate	Stainless Steel
Dimensions (mm)	W 700mm D 378mm H 157mm
Form of Ignition	Piezo Ignition
Gas Consumption(LPG)	L 4.8kW R 4.8kW

 Mega Burner - Powerful flame
(for both burners)

RI-522SC WM: RM 189 EM: RM 199

Burner	Stainless Steel / Brass
Top Plate	Enamel
Dimensions (mm)	W 700mm D 378mm H 149mm
Form of Ignition	Piezo Ignition
Gas Consumption(LPG)	L 1.9kW R 1.9kW

 Sun Burner

 Stainless Steel Head

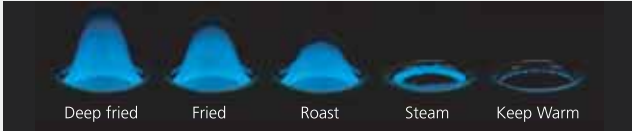

RI-511M WM: RM 209 EM: RM 220

Burner	Stainless Steel / Brass
Top Plate	Stainless Steel
Dimensions (mm)	W 280mm D 380mm H 154mm
Form of Ignition	Piezo Ignition
Gas Consumption(LPG)	4.8kW

 Mega Burner - Powerful flame

Save More Than 10% Gas
*compared to min requirement set by local authority

Detachable Top Plate
Our table top cooker comes with a detachable top plate. This feature allows for easy cleaning and maintenance.

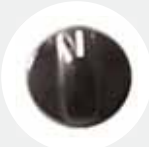

8 Safety Features

High heating power and heat efficiency. Therefore saves gas and cooking time

Carbon monoxide (CO) gas from incomplete combustion is maintained at a low 0.04% - prevents risks to health

Special ABS plastic knob does not crack easily

Gas pipe is coated with special anti-rust paint

Enamel-coated pan support withstands heat up to 800°C

The highest-quality gas valve lasts for 60,000 usage cycles; its performance is guaranteed up to 5 years

Type 304 stainless steel burner with excellent anti-rust quality

Sturdy construction is able to support up to 50kg of total weight
